March 2019

A note from:
Mrs. Wade
Elementary Principal

We are happy to announce that we received a new metal detector from the grant that the FPD recently was awarded. We are starting some new procedures in the elementary. Please be patient with us as we figure out the best procedures to use to ensure the greatest safety for our students.

Family Night (STEAM Night / Book Fair) is Thursday, March 7, starting at 3:30 PM. It is going to be a blast! We will have cool science activities set up in the gym from each classroom for our families to complete. Students need to bring their Science Fair projects with them to school **this morning**. The students will have art work on display in the gym as well. The Ministerial Alliance and Lion's Club will be providing a FREE Hotdog Dinner from 4:30 PM-6:30 PM. **Please come and support this activity!**

After Spring Break, students may wear shorts, sandals, etc. again. Students will need some type of **sneaker on PE** days to avoid injuries. Also, if they wear flip flops, you may want to send an extra pair. We seem to have a lot of issues with this type of shoe breaking. We also have pea gravel around the playground equipment which can go through the thinner flip flops.
